Dear Mr. Loven:

RE: Industrial Laminates/Norplex, Inc.
Postville, Iowa
RCRA ID No. IAD073489288

On May 17, 2007, a representative of the U. S. Environmental Protection Agency (EPA) inspected your facility. The inspection was conducted under the authority of Section 3007 of the Resource Conservation and Recovery Act (RCRA).

I have reviewed the inspection report and determined that violations of RCRA were documented. At the time of the inspection, the inspector presented you with a Notice of Preliminary Findings (NOPF) which described the violations. EPA sent your facility a Letter of Warning/Request for Information (LOW/3007) on October 19, 2007. I have reviewed your November 21, 2007, response to EPA's LOW/3007 and determined that no further submittals are required at this time. Additionally, in reviewing your facility's letter, EPA has rescinded Violation Number 4. Please note that EPA reserves its right to pursue appropriate enforcement actions, including penalties, for violations discovered as a result of this inspection, regardless of whether the violations were subsequently corrected.

I would like to remind you that your facility is responsible for maintaining compliance with all applicable hazardous waste regulations. If there are any questions regarding this letter, please contact me at (913) 551-7164.

Sincerely,

Deborah Finger
